NOTES

From the President

I hope everyone had safe and wonderful holidays! Happy New Year.

I would like to sincerely thank Ron and the rest of the board for picking up the slack for me while Joanna is receiving treatment.

Joanna and I thank all our friends for their caring cards, prayers, and phone calls. As many of you know, after receiving chemo a person's immune system is severely compromised, and her doctor has been very, very clear about us not being with groups of people until she can again rebuild her immunity. I am happy to report that the doctor is very pleased that she is responding so well to treatment. We can't wait until we can join you once again, join in the fun and socialize!

We love you all,
Howard

NOTES

From the Editor

Greetings, and welcome to the January, 2022 issue of *Corvette Expressions*.

Happy New Year, to all! It's so hard to believe that another year has ended, and here we are, 2022! Hopefully, we will continue on the path to normalcy, resulting in more club events, activities and get-togethers.

We had one activity in December, and a fabulous one, indeed! Club members met for dinner in Montclair on December 11, and then attended the Cirque Magica show at the Wellmont Theater. The show was amazing, filled with music and incredible acrobatic stunts. A big thank-you to Bill N. for organizing such a fun evening.

Just a reminder that our January meeting has been canceled. Future notification will be sent out as to the status of our meeting in February.

FOR SALE

Part: OEM replacement ACDelco manufactured Mobile 1 DEXOS 0W-40 Oil Cap w/ gasket

Part number: GM 12686472 (FC265)

Application: All C7 Wet sump oil system (i.e. all without Z51, Not GRANDSPORT, Not Z06, Not ZR1)

Condition: New, unused, in opened original part bag

Price: \$9.00

GM (Service Bulletin No. 18-NA-129, April 2018) states Mobile 1 DEXOS2 SAE 0W-40 can be used for all oil changes of all C7 generation corvettes. Some on Corvette Blogger suggest replacement of the original oil cap with one like this one if you want to ensure servicing technicians use your preferred oil in your car. So there is a different part number for Z06 (FC 264, GM 12680708) for the Dry sump engine equipped models, which I have. I ordered the wrong part originally, and now want to sell the FC265 oil cap.

For more information, check out this article on the Corvette Blogger forum:

"Here are the Official Part Numbers for the Mobile 1 0W-40 Oil Caps"
